Re: Recommendation for Natasha David-Walker

Dear Hiring Manager:

This letter is to serve as my formal recommendation for Natasha David-Walker. While working at Memphis City Schools, I've had the opportunity to work with Natasha for five years. It is with confidence that I recommend her as a professional health educator. She consistently demonstrated enthusiasm, excellent communication skills and a professional demeanor.

Memphis City Schools HIV Prevention Project employed Natasha David part-time as a health educator consultant (cadre member). For more than five years she served as a consultant, who provided the following services: on-site professional development, informational sessions, technical assistance and follow-up support on Exemplary Sexual Health Education to teachers, district staff, and parents at 40 identified priority middle and high schools. Natasha is an intelligent and motivated individual. She is more than capable of planning, organizing, and executing professional development activities related to HIV, STIs, and Teen Pregnancy. As a cadre member, Natasha educated over 500 students, 100 teachers, and 100 district staff on the MCS Family Life Education curriculum. With the help of this team, she produced a high-quality World AIDS Day Program, numerous educational sessions, and outreach educational activities.

Natasha is reliable, dedicated and eternally upbeat. Her ability to calm students is unparalleled. Natasha multitasks effectively and is able to handle a high-volume workload. She was part of the Tennessee Department of Education HIV/AIDS Teacher Training Center; attended at least two trainings each year; and attended HIV Material Panel committee meetings.

Natasha was a hardworking, top-performing cadre member. She has my highest recommendation, and I am happy to furnish more details if you would like additional information. You won't regret adding her to your team.

Sincerely,

*Sudie S. Cushman*
